

WHAT IS CLAIMED IS:

1. A decorative mask for a face of a user wearing a head-wear, the face mask comprising:
 - a) a mask body;
 - b) a fastener strap elongated from the mask body and having end portions, the end portions being adapted to extend through the head-wear and be attached with each other for disposing the mask body over the face of the user.
2. The mask of Claim 1 wherein the mask body defines an upper portion and the fastener strap is attached thereto.
3. The mask of Claim 1 wherein the mask body defines an outer surface displaying a selected design thereon.
4. The mask of Claim 3 wherein the selected design is a sports team logo.
5. The mask of Claim 1 wherein the head-wear includes holes for accommodating the end portions of the fastener strap therethrough.
6. The mask of Claim 5 wherein the holes are ventilation holes.
7. The mask of Claim 1 wherein each of the end portions include a fastener sized and configured to attach with each other.
8. The mask of Claim 7 wherein the fasteners are removably attachable with each other.

9. The mask of Claim 7 wherein the fasteners are hook and loop fasteners.

10. The mask of Claim 7 wherein the fasteners are attachable with each other outside of the head-wear.

11. The mask of Claim 7 wherein the fasteners are attachable with each other inside of the head-wear.

12. The mask of Claim 1 wherein the mask body defines an upper edge and the head-wear has a rear portion, the upper edge being disposable adjacent the rear portion.

13. The mask of Claim 1 wherein the mask body defines a lower edge forming a concaved portion and the face of the user includes a mouth, the concaved portion being sized and configured to expose the mouth of the wearer therethrough.

14. The mask of Claim 13 wherein the lower edge has a lower central edge defined within the concaved portion and the face of the user further includes a nose, the lower central edge being disposable about the nose and above the mouth of the user.

N

15. A method of rallying a team, comprising the steps of:

a) watching a sporting event;

b) obtaining a face mask having an outer surface and an elongated fastener strap with end portions;

c) wearing the mask through attaching the end portions of the fastener strap together;

d) displaying a design of the team located on the outer surface of the mask; and

e) motivating the team to rally during the sporting event.

16. The method of Claim 15 wherein the face mask in step b) is fabricated from a plastic material.

17. The method of Claim 15 wherein step c) comprises:

- 1) defining a cap having ventilation holes;
- 2) extending each of the end portions through a corresponding one of the ventilation holes; and
- 3) removably attaching the end portions together.

18. The method of Claim 17 wherein the end portions of the fastener strap in step 3) are removably attached to each other outside of the cap.

19. The method of Claim 17 wherein the end portions of the fastener strap in step 3) are removably attached to each other inside of the cap.

20. The method of Claim 15 wherein the design of the team in step d) is a sports team logo.
